## LOOT HOTEL RUINS

### ARRESTS MADE FOR STEALING

Waiters of Rhode Island Resort Fined Costly Ornaments in Ruins But Are Caught With Goods On—More Men Search This Afternoon.

NEW YORK, July 30.—A feature of the fire which destroyed the mammoth Long Beach Hotel, and in which nearly a thousand guests were driven out in the sand in scant attire has just developed. In their hurried flight the guests abandoned money, jewelry, and other valuable property, and looters, it appears, were quick to take advantage of the fact. Detectives, who were sent to the scene arrested three colored waiters and a Greek laborer and stolen property, it is stated, was found in their possession. The men were held on a charge of grand larceny.

Justice Wallace, who gave the bond looters a hearing, was informed that the thieves had buried stolen property in the sand dunes back of the hotel site and he ordered men out to make a search. The amount of property they recovered was surprising. Wherever there was a sign that the sand had been recently disturbed excavations were made and something brought to light. By dark the justice had in his possession several trunks full of stuff, bags, satchels, bundles, and boxes containing valuables. He had rings and pins and stickpins, watches and chains and a great collection of all sorts of jeweled combs and silver backed toilet articles and some dresses and suits.

When it became too dark for further search, a guard was set over the property. All property owners will be kept from the vicinity. More men will be put to work this afternoon on another search of the ruins.

### ALASKA TO HAVE WIRELESS.

Government to Install Chains of Stations on Pacific and Atlantic Coast.

NEW YORK, July 30.—The United States government has let a contract to the United States Steel Corporation for transmission towers which are to be utilized for wireless telegraph service in Alaska. The government intends to have a chain of the towers erected along the Atlantic and Pacific Coasts and on the Gulf of Mexico. The towers will be 156 feet high.

### The Doctor Away From Home When Most Needed.

People are often very much disappointed to find that their family physician is away from home when they most need his services. Diseases like cramp colic and cholera morbus require prompt treatment, and have in many instances proven fatal before medicine could be procured or a physician summoned. The right way is to keep at hand a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy. No physician can prescribe a better medicine for these diseases. By having it in the house you escape much pain and suffering and all risk. Buy it now; it may save life. For sale by Frank Hart and leading druggists.

### RAILROAD FOR BRAZIL.

Gigantic Scheme by North Americans for Developing South American Countries.

NEW YORK, July 30.—The syndicate of New York and Canadian capitalists consisting of Sir William Van Horne, Percival Farquhar, William Latham and Minor C. Keith, and others, which has been engaged in tract and harbor undertakings in Brazil, will extend its operations to steam railroads. The syndicate is said to be planning the construction of 2000 miles of railroads in Brazil to connect and extend present lines. Its ultimate purpose, it is said is to connect Rio de Janeiro with Montevideo, capital of Uruguay.
